On Thursday, January 22, 2004, the Region 45 700 MHz Regional Planning Committee will convene at 10:00 a.m. at the City of Wausau Park Department office, 212 River Drive, Wausau, Wisconsin.

On Thursday, January 22, 2004, the Region 45 800 MHz Regional Planning Committee will convene at 1:00 p.m. at the City of Wausau Park Development Office, 212 River Drive, Wausau, Wisconsin.

This meeting will include elections and a review of recent activity.

The Region 45 (Wisconsin) 700 MHz and 800 MHz Public Safety Planning Committee meetings are open to the public. All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in Region 45, as defined above, would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not

oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of the Public Safety spectrum in the 700 MHz and 800 MHz band are encouraged to attend. For further information, please contact:
